### **Reference letter**

During our joint work the EcoPartner Company has shown itself as a highly professional and reliable partner, which activity is directed at creation of stable, long term and mutually beneficial relations with its clients. The company has a wide list of services such as: provision of information necessary for a client concerning civil, labor, tax, corporate, land, administrative, international and private law and international legal relations; lawyers consultations and legal analysis of each concrete dispute and preparation of legal materials with comments of the last changes in legislation, monitoring of legislation in a particular sphere upon a client's request, ecological and social expertise, dispute mediation between state/local governments and business companies, anti-crisis PR, conducting of public hearings including transboundary context, image creation of a company and its top-management, etc.

The EcoPartner Company has high intellectual and professional potential and it is ready to use this potential in its activity. The company has numerously proved its ability to work efficiently and to make on-time decisions. Experts of different spheres are working at the EcoPartner and this let the company to reveal most optimally needs of a client and to provide the necessary services. The relations with partners have a business style: the company carries out its obligations diligently, honestly and openly, using the "One-window" principle. Using the services of the EcoPartner we solve most of our problems without attracting other organizations. The image of our company as an active social participant of a market has been significantly improved in result of our cooperation with the EcoPartner.

In our opinion the EcoPartner Company is one of the most successful and rapidly developing companies in the sphere of consulting in Kyrgyzstan; the company provides services of high quality in full accordance to Kyrgyz current legislation and national and international standards.

The EcoPartner Company provides fundamental knowledge, unique experience and great results of our tasks implementation.

The Kazakhmys Gold Kyrgyzstan Ltd. Company intends to continue using services of the EcoPartner in future and recommends it as the reliable and professional partner.
